The Senate of Canada
Ottawa, ON K1A 0A4

WHAT WE'RE DOING

Sen. Prosper is engaging in a listening tour to learn from leaders and community members throughout Mi'kma'ki about the issues that are most important to them. Your priorities will become his priorities.

OUR VISION

The Senator wants to ensure that his work in the Senate is an evolution of his work as a chief and as a former AFN Regional Chief for Nova Scotia. His work in the Senate will be guided by the feedback that he receives on this tour. He will use his position in Ottawa to influence legislative and policy change across the country.

OUR MISSION

Senator Prosper will be centering his work around the 7 Sacred Teachings. It is his goal to work in an open and transparent manner, with regular reporting. While he will be working on behalf of Canadians and L'nu across the country, his heart and soul will always be in Mi'kma'ki.
